Dear Cllr Wayman,

I am writing on behalf of a number of constituents who have contacted me about the cycle lane on Bristol Road, Chippenham. I also recently met with members of Chippenham Town Football Club to discuss their concerns over the project.

Primary concerns include the safety of cyclists and the potential increase in traffic caused by the narrowing of the road. I would be grateful if could outline the measures which will be used to review cycle lane and explain how local stakeholders will be taken into account during this process. In addition to this, could you clarify whether the cycle lane is temporary and whether the double yellow lanes installed on Bristol Road will remain in place once it is potentially dismantled? Could you explain the rationale behind this?

Thank you for your urgent attention in this matter and I look forward to your response. Please do not hesitate to contact me if you require any additional information.

Yours sincerely,
